APEXCLOUD ENTERPRISE BRAND GOVERNANCE GUIDELINES
Document Version 2.4 - Approved by Executive Committee

1. MISSION & POSITIONING
ApexCloud provides mission-critical enterprise cloud infrastructure engineered for uncompromising resilience.
Target Audience: Enterprise CTOs, Chief Architects, DevOps Leaders.

2. APPROVED VOICE & TONE
- Authoritative, Data-driven, Empathetic, Direct, Precise.
- PROHIBITED TONES: Aggressive, Hyperbolic, Overly informal, Sarcastic. Never attack competitors by name.

3. APPROVED COLOR PALETTE
- Primary Brand: #1E3A8A (Deep Royal Navy)
- Secondary Brand: #0284C7 (Sky Blue)
- Accent Color: #10B981 (Emerald Green)
- Background: #F8FAFC
- Text: #0F172A

4. TERMINOLOGY RULES & DOS AND DON'TS
- DO USE: 'ApexCloud Data Fabric', 'integrated architecture', 'high-availability cluster'
- NEVER USE: 'magic cloud', 'infinite cloud', 'synergy', 'game-changing', 'cheap tier'
- COMPETITORS: Never say 'AWS is garbage' or 'Azure is terrible'. Always use objective benchmark metrics.

5. CLAIMGUARD APPROVED PROOF POINTS
- SLA: ApexCloud guarantees 99.99% monthly uptime SLA backed by automated financial service credits.
- Scale: Over 14,000 enterprise customers across 45 countries operate mission-critical workloads.
- Latency: Delivers sub-15ms p99 query latency across globally distributed multi-region clusters.
- Compliance: Certified ISO 27001, SOC 2 Type II, HIPAA, and GDPR compliant.
